

Get ready for investment.....

Investment Readiness Programme - 3 day workshop

The NISPO Investment Readiness Programme sets-out to **provide entrepreneurs**, who have ambitions to **raise equity investment**, with an understanding of the investment process; how to prepare for investment; and; how to subsequently utilise investment funds to best effect.

The workshop assists companies to:

- Determine whether venture capital is indeed a viable source of funding for them
- Begin to understand the VC/business angel investor perspective on their business
- Hone their presentation skills and refine their 'elevator' pitch
- Understand the necessary process of company valuation
- Appreciate the importance 'aligning interests'
- Examine common investment terms as they might apply to their businesses
- Know what to expect from the due diligence process
- Become familiar with some of the procedural and legal requirements
- Get an insight into early stage investment structures
- Understand how to manage the post-investment scene to best effect.
